

IRVINE ADULT DAY HEALTH SERVICES

Celebrating 25 Years

2019 Take a Chance for Seniors Casino Night

Our **25th Anniversary Take a Chance for Seniors Celebration**, held on October 5th, was filled with cherished memories and grateful hearts as we gathered together to pay tribute to our Event Honorees Patty Vidovich and Kevin & Denise Cassin. We thanked the many volunteers, staff, families, and community partners who have personally touched and positively impacted our program these past 25 years.

Passion, Commitment, Dedication, and Innovative... are just a few words that come to mind in thinking of our collaborative efforts to provide **'A Day of Joy, A Sense of Hope'** to adults and seniors managing Alzheimer's disease, Parkinson's disease, and other chronic health concerns, and continue to be a trusted partner in care to their family caregivers.

Together, we raised nearly **\$125,000** which will enable us to provide Person-Centered programs and services that meet the unique care needs, interests, and quality of life goals of adults and seniors who attend Irvine Adult Day Health Services.

25 Years | 242,720 Days of Care | 28,038 Volunteer Hours Contributed

TWICE THE GRATITUDE ~ *Testimonial shared by Karin Lekas*

The Lekas Family is so grateful for Irvine Adult Day! For the last year Tony has been a participant at Irvine Adult Day. It has given us an extra year to have our Tony, aka Dad, Papou and husband at home.

Greeted each day with loving smiles and hugs and gentle direction, he is safe with many "cronies" like him. I have seen the love and joy that the caregivers spread! It's amazing and infectious! He comes home happy and full of 2 meals a day and a snack and sleeps so much better after attending the "club"!!

As Tony's wife and caregiver at home, it has given me normalcy 4 days a week! I am eternally grateful for that time away!!

WHY TWICE YOU SAY? 25 years ago my father-in-law Gus, Tony's Dad, was one of the first participant's at Irvine Adult Day. He, too, loved the individual care he was given and my mother-in-law Sophie enjoyed her freedom during the day while Gus was "playing" Executive at his own desk complete with an inbox and mail to pore over!

This place changes lives and is so important in our community! Here's to another 25!!! Thanks from the bottom of my heart!
